

2023 ITSS R8 Chapters Meeting

30th November – 1st December, Berlin, Germany

The goal of the ITSS R8 Chapters Meeting is to connect industry and academia, to showcase technological innovations for intelligent transportation systems and to inspire scientists with the latest developments on topics such as: perception, SLAM, traffic modelling or high levels of vehicles' autonomy.

Furthermore, this meeting is a forum and a network opportunity for institutions across European, African and Middle-Eastern countries. The program will feature:

- keynote speakers,
- expert panel discussions,
- technical presentations,
- poster sessions,
- networking opportunities.

Fellowship opportunities are available, such that attendees will have their travel expenses covered for up to \$700, in accordance to [IEEE travel regulations](#).

Do not miss the 2023 ITSS R8 Chapters Meeting and join us in Berlin!
